HEALTH PLAN BENEFITS AND COVERAGE MATRIX

THIS BENEFITS AND COVERAGE MATRIX (BCM) IS INTENDED TO HELP YOU COMPARE COVERAGE AND BENEFITS AND IS A SUMMARY ONLY. THIS BCM SHOWS THE AMOUNT YOU WILL PAY FOR COVERED SERVICES. FOR A DETAILED DESCRIPTION OF COVERAGE, BENEFITS AND LIMITATIONS, THE EVIDENCE OF COVERAGE AND DISCLOSURE FORM (EOC) SHOULD BE CONSULTED. PLEASE CONTACT SUTTER HEALTH PLUS (SHP) FOR ADDITIONAL INFORMATION.

(Important disclaimer regarding optional benefits: Cost Sharing and benefit information for optional benefits that may be elected by your employer group are not reflected on this Benefits and Coverage Matrix. Most optional benefits do not accrue to your Deductible, if applicable, and to your Out-of-Pocket Maximum. Please refer to the separate plan documents for elected optional benefits to determine Cost Sharing, Covered Services and any limitations or exclusions.)

Endnotes:

1. Family Deductibles (when applicable) and Out-of-Pocket Maximums (OOPM) are equal to two times the “self-only” values. In a Family plan, a Member is only responsible for the “one Member in a Family” Deductible and OOPM. Deductibles and other Cost Sharing payments made by each Member in a Family contribute to the “entire Family” Deductible and OOPM. Once the “entire Family” Deductible amount is satisfied by any combination of Member Deductible payments, plan Copayment or Coinsurance amounts apply until the “entire Family” OOPM is reached, after which the plan pays all costs for Covered Services for all Family Members.
2. Cost Sharing for all Essential Health Benefits, including that which accumulates toward an applicable Deductible, accumulates toward the OOPM.
3. Outpatient Prescription Drugs, when prescribed, are Medically Necessary generic or brand-name drugs in accordance with SHP’s formulary guidelines. All Medically Necessary prescription drug Cost Sharing, paid by the Member, contributes toward your Deductible, if applicable, and OOPM.

   Outpatient Prescription Drugs are available for up to a 30-day supply through a retail Participating Pharmacy. Maintenance Drugs are available for up to a 100-day supply through the CVS Health Retail-90 Network or through the CVS Caremark Mail Service Pharmacy. Specialty Drugs are only available for up to a 30-day supply through CVS Specialty. Specialty Drugs are not exclusive to Tier 4 and, regardless of tier placement, have the same fill requirements.

   FDA-approved, self-administered hormonal contraceptives that are dispensed at one time for a Member by a provider, pharmacist or other location licensed or authorized to dispense drugs or supplies, may be covered at up to a 12-month supply. For a 12-month supply of contraceptives, applicable Cost Sharing will be up to four times the retail Cost Share.

   Outpatient Prescription Drugs dispensed by non-participating pharmacies are not covered except for emergency or urgent situations, including drugs prescribed for treatment of a mental health and substance use disorder, or when dispensed as part of a Community Assistance, Recovery, and Empowerment (CARE) agreement or CARE plan approved by a court.
4. The "Other practitioner office visit" benefit includes therapy visits and other office visits not provided by either PCPs or Specialists or visits not specified in another benefit.
5. The "Family planning counseling, services and procedures" benefit does not include male sterilization services and procedures which are covered under the "Male sterilization/vasectomy services and procedures" benefit listed above. This benefit also does not include termination of pregnancy or abortion-related services which are covered under the "Abortion Services" benefit category listed above.
6. Acupuncture is typically provided only for the treatment of nausea or as part of a comprehensive pain management program for the treatment of chronic pain.
7. The "Outpatient nonoffice visit" benefit includes, but is not limited to, services such as outpatient chemotherapy, outpatient dialysis, outpatient radiation therapy, outpatient infusion

therapy, sleep studies and similar outpatient services performed in a nonoffice setting. When performed in an office setting, these services are covered under the office visit benefit.

The "Outpatient nonoffice visit" benefit also includes storage of cryopreserved reproductive materials included in the fertility preservation services benefit. Storage of cryopreserved materials is not a per visit service and is typically billed on an annual basis at the "Outpatient nonoffice visit" Cost Sharing.

8. The "MH/SUD inpatient" benefits include, but are not limited to: inpatient psychiatric hospitalization, including inpatient psychiatric observation; inpatient Behavioral Health Treatment for autism spectrum disorder; treatment in a Residential Treatment Center; inpatient chemical dependency hospitalization, including medical detoxification and treatment for withdrawal symptoms; and prescription drugs prescribed in an inpatient setting, excluding a Residential Treatment Center. Refer to the Outpatient Prescription Drug benefit for coverage details for prescription drugs prescribed in a Residential Treatment Center.
9. "MH/SUD other outpatient services" include, but are not limited to: psychological testing; multidisciplinary intensive day treatment programs such as partial hospitalization and intensive outpatient programs; outpatient psychiatric observation for an acute psychiatric crisis; outpatient Behavioral Health Treatment for autism spectrum disorder delivered in any outpatient setting, including the home; and other outpatient intermediate services that fall between inpatient care and outpatient office visits.
10. Behavioral Health Crisis Services provided to a Member by a 988 center, mobile crisis team or other provider of Behavioral Health Crisis Services is covered regardless of whether the treatment is provided by a Participating Provider or an out-of-network provider. Prior Authorization is not required for this treatment and Cost Sharing will be based on the setting where the Member receives treatment.
11. Cost Sharing for services with Copayments is the lesser of the Copayment amount or allowed amount.
12. In order to be covered, most non-preventive care medical services require a referral from your PCP. Many of these services also require Prior Authorization by your PCP ’s medical group or SHP. Please consult the EOC for complete details on referral and Prior Authorization requirements for all Covered Services.
13. COVID-19 diagnostic and screening tests are covered at no Cost Sharing when provided in-network by a Participating Provider and at the standard benefit Cost Sharing for the place of service when provided out-of-network. COVID-19 therapeutics, vaccines, and other preventive services are covered at no Cost Sharing when provided by a Participating Provider, Participating Pharmacy, non-Participating Provider, or non-Participating Pharmacy.

    COVID-19 over-the-counter (OTC) tests with a prescription are covered at no Cost Share when obtained from a Participating Pharmacy or a non-Participating Pharmacy. If a member purchases COVID-19 OTC tests from a Participating Pharmacy without a prescription, SHP will reimburse the Member for the cost of the tests, up to 8 tests per month. If a Member purchases COVID-19 OTC tests without a prescription from a non-Participating Pharmacy, reimbursement is limited to a quantity of 8 tests per month and up to $12 per test.
14. For this Benefit Year, this benefit plan provides eligible Medicare beneficiaries with prescription drug coverage that is expected to pay on average as much as the standard

Medicare Part D coverage in accordance with Centers for Medicare and Medicaid Services. The coverage is at least as good as the Medicare drug benefit and therefore considered "creditable coverage". Refer to *Medicare.gov* for complete details.
